DETAILED ACTION

Examiner's Amendment

In claim 15, line 4, replace "firs" with – first --.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

1. In response to Applicant's Affidavits filed on 8/03/06, the rejection made in the last Office action on the "Dual, Voltage Mode, DDR Selectable, Synchronous, Step-Down Controller for Notebook System Power" reference is withdrawn.
2. None of the prior art disclosed or suggested to show the particular structure and/or the particular operation recited in these claims namely: "wherein the current source is operative to apply a constant current to the capacitor providing the ramped timing signal to the first output electrically coupled to the first input", "wherein the timing signal provided at the first output of the first timing circuit has an associated first state in the event only the capacitor is coupled between the first input and ground, and an associated second state in the event the clamping element is coupled between the first input and ground" in combination with " a second circuit operable in a plurality of modes...." as recited in claim 1; "wherein the current source is operative to apply a constant current to the capacitor providing the ramped soft-start signal to the first output electrically coupled to the first input", "wherein the soft-start signal provided at the first output of the soft-start circuit has an associated first state in the event only the
